**“JIFFY”** FASTENERS

# **“JIFFY” FASTENERS**

# **Bolts** FOR THE PROFESSIONAL USER

## **Material Application**

General purpose threaded fasteners designed for insertion in pre-tapped holes, connecting heavy loads or for use with nuts

### **Hex Cap Screws**

Fasteners designed for insertion in pre-tapped holes or for use with nuts

#### Sizes

1/4x1" - 3/4x2"

Zinc Plated

### **Hex Tap Bolts**

Fasteners designed for insertion in pre-tapped holes or for use with nuts

#### Sizes

1/4x1" - 3/4x2"

Zinc Plated

### **Carriage Bolts**

Fasteners designed for insertion in pre-tapped holes or for use with nuts

#### Sizes

1/4x1" - 3/4x2"

Zinc Plated

### **Lag Screws**

Fasteners used to connect heavy materials that are bearing an intense load

#### Sizes

1/4x1" - 1/2x2"

Zinc Plated

FOR THE PROFESSIONAL USER general purpose threaded fasteners designed for insertion in pre-tapped holes, connecting heavy loads or for use with nuts

# **“JIFFY” FASTENERS**

# **“JIFFY” FASTENERS**

# **Bolts** FOR THE PROFESSIONAL USER

## **Material Application**

General purpose threaded fasteners designed for insertion in pre-tapped holes, connecting heavy loads or for use with nuts

## **Toggle Bolts**

Designed for mounting into drywall without a stud

### Sizes

1/8x2" - 3/8x6"

Zinc Plated

## **Stove Bolts**

Fasteners designed to hold metal together, originally used to fasten together portions of stoves

### Sizes

3/16x1/2" - 1/4x2"

Zinc Plated

FOR THE PROFESSIONAL USER general purpose threaded fasteners designed for insertion in pre-tapped holes, connecting heavy loads or for use with nuts

# **“JIFFY” FASTENERS**

## HEX CAP SCREWS – Zinc Plated

- Zinc plated
- Low carbon steel
- Used with hex nuts

### Material Application

General purpose threaded fasteners designed for insertion in pre-tapped holes or for use with nuts

| Size    | Required Hex Nut | Length | Material          | Standard Package Quantities Available |  |  |
|---------|------------------|--------|-------------------|---------------------------------------|--|--|
| ¼-20    | ¼-20             | 1"     | Zinc plated steel | Yes                                   |  |  |
| ¼-20    | ¼-20             | 1-1/4" | Zinc plated steel | Yes                                   |  |  |
| ¼-20"   | ¼-20             | 1-1/2" | Zinc plated steel | Yes                                   |  |  |
| ¼-20"   | ¼-20             | 2"     | Zinc plated steel | Yes                                   |  |  |
| 5/16-18 | 5/16-18          | 1"     | Zinc plated steel | Yes                                   |  |  |
| 5/16-18 | 5/16-18          | 1-1/4" | Zinc plated steel | Yes                                   |  |  |
| 5/16-18 | 5/16-18          | 1-1/2" | Zinc plated steel | Yes                                   |  |  |
| 5/16-18 | 5/16-18          | 1"     | Zinc plated steel | Yes                                   |  |  |
| 3/8-16  | 3/8-16           | 1-1/4" | Zinc plated steel | Zinc                                  |  |  |
| 3/8-16  | 3/8-16           | 1-1/2" | Zinc plated steel | Zinc                                  |  |  |
